	Case Reports	Abstract 423-453	

Guidelines for e-Poster Submission – ISGCON2018

Electronic Posters or e-Posters are similar to traditional paper/flex posters but displayed on site on a 50" display. All accepted posters will be displayed on e-Poster stations.

Please note that, there will not be any physical posters at the ISGCON2018

The format/size of the posters should be in **PowerPoint, Landscape, one slide only**, which should be in **16:9 ratio**. By default, newer versions of PowerPoint use 16:9 ratio but for those using older versions, make sure that you change the format from standard i.e. 4:3 to wide screen 16:9 ratio by going to design and then to slide size in the tool bar.

You can also make posters in pdf or jpeg format as in traditional way in 70 cm(height) x 120 cm (width) in Landscape format. But, then these cannot be edited later if required. Please email the soft copy of poster to the below mentioned email id.

Basic Rules:

To be of value, your poster should not be too cluttered. It should be set out in a clear and logical manner, with reading matter reduced to an essential minimum. Lettering, including figure legends, labelling, symbols & graphs etc, should be large enough to be legible when viewed on a 50" screen. Ordinary type-face is NOT adequate. Drawings, diagrams, and photos are extremely helpful and often necessary to display results and conclusions. Make sure that your illustrations are easy to understand; do not overload any chart or drawing with information.

Recommended Font and Styles:

You should use dark text colours on a light background, or vice versa. Recommended fonts are Times New Roman, Calibri, Verdana and Arial, as these are easy to read, and it is possible that other fonts may have cross-operating system display issues.

Videos & animations are not allowed in your e-poster

You will be informed of your poster number as well as your computer assignment before the meeting. However, when you arrive at the meeting, check to confirm the day, time and monitor for your presentation, in case there have been last minute changes.

Please check the sample template and also see how this will be seen on a monitor. You can use any template of your choice which fit your paper.

Please note the last date for submission/upload your e-poster **is 24th November 2018**. All posters are required to be submitted much before time, but not later than Nov 24th, 2018. All eposters will be loaded on an ePanel by the IT personnels.

No ePosters will be accepted at the venue. It must be sent earlier by mail.

ePosters will be displayed everyday from 9.00 till 18.00 hrs

There will be approximately 20 ePanels/ screens everyday and each ePanel will display 10 papers

The list of Posters for a particular Screen and the Judge's name will be displayed next to the screen. Presentors of those 10 papers can present to the judge on that screen by turns.

Judges will visit the poster area between 1300-1400 hrs. Ensure your presence when the judges are present.

Pl send ePoster to
epostersigcon2018@gmail.com or
epostersigcon@gmail.com
